Dt.05.06.2017

Auditor's Report on Quarterly Financial Results and Year to Date Stand-alone Financial Results of M/s XL Energy Limited pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements Regulations), 2015.

To The Board of Directors of M/s XL Energy Limited

We have audited the quarterly financial results of XL Energy Limited ('the Company') for the quarter ended 31st March, 2017 and the year to date financial results for the period from 1st April, 2016 to 31st March, 2017 attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements Regulations), 2015. These quarterly financial results as well as the year to date financial results have been prepared on the basis of the interim financial statements, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial results based on our audit of such interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard (AS) 25, Interim Financial Reporting specified under section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

Adverse observation:

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2.27 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern and, therefore, it may be

unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements (and notes thereto) do not disclose this fact.

Management's plans in regard to continuing operations are mentioned.

We draw attention to the following matters in the Notes to the financial statements:

Various paras in part 2 of Notes to Accounts to the financial statements which describes the balances appearing under other long-term liabilities, short term borrowings, trade payables, other current liabilities, long term loans and advances, CWIP advances, trade receivables short term loans and advances and other current assets are subject to confirmation and / or reconciliation if any. At this point of time, the quantification of its effect on the balance sheet is not ascertained and quantified. As reported in note 2.30, Management has informed us that settlement with Banks is in an advanced

stage of completion. On completion of the same, the assets and liabilities including fixed assets as appearing in the books of account shall be reviewed and consequential effect on write off/ write back

shall be done.

Various paras in part 2 of Notes to Accounts to the financial statements which describes the balances appearing under other long-term liabilities, short term borrowings, trade payables, other current liabilities, long term loans and advances, CWIP advances, trade receivables short term loans and advances and other current assets are subject to confirmation and / or reconciliation if any. At this point of time, the quantification of its effect on the balance sheet is not ascertained and quantified. As reported in note 2.30, Management has informed us that settlement with Banks is in an advanced stage of completion. On completion of the same, the assets and liabilities including fixed assets as appearing in the books of account shall be reviewed and consequential effect on write off/ write back shall be done.

In our opinion and to the best of our information and according to the explanations given to us these quarterly financial results as well as the year to date financial results subject to adverse observation as above:

- (i) Are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in this regard; and
- (ii) give a true and fair view of the net loss and other financial information for the quarter ended 31st March, 2017 as well as the year to date financial results for the period from 1st April, 2016 to 31st March, 2017.

Notes:

- The above Audited financial results for the quarter and year ended 31st March, 2017, reviewed by the Audit Committee of the Board have been approved by the Board of Directors at their meeting held on 05th June, 2017.
- The Statutory Auditors have expressed adverse observation in their report for the quarter and year ended 31st March, 2017 in respect of the following matters:

Observation: The accompanying financial statements have been prepared assuming that the Company will continue as a going concern As discussed in Note 2.27 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern and, therefore, it may be unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements (and notes thereto) do not disclose this fact. Management's plans in regard to continuing operations are mentioned.

Management's Response: During the financial year 2016-17, some of the Lender Bankers namely the SBI, SBH, SBM & IDBI, who are part of the secured creditors of the Company have assigned their secured debt in the Company in favour of Invent Assets Securitisation and Reconstruction Private Limited, an Asset Reconstruction Company (ARC). The ARC has since, initiated steps for the realization of the debt assianed to it by way of auction/sale of identified Secured Assets. Further, the company is working with an MNC for takeover of the Fabcity Project, which is a Photovoltaic Cell and Module Manufacturing Plant based at Fabcity, Hyderabad. This asset is a critical one required for the continuance of Solar power business and revival of the company. There is a lot of genuine interest shown by the investors to possess and develop solar power manufacturing facility within the country in view of the drive for Green energy and the fallout of the Global need for controlling global warming. Keeping in view the management's plans as discussed above the financial statements have been prepared on a Going Concern basis.

Observation: The Auditor emphasises that various paras in part 2 of Notes to Accounts to the financial statements which describes the balances appearing under other long-term liabilities, short term borrowings, trade payables, other current liabilities, long term loans and advances, CWIP advances, trade receivables short term loans and advances and other current assets are subject to confirmation and / or reconciliation if any. At this point of time, the quantification of its effect on the balance sheet is not ascertained and quantified. Management's Response: Since some of the payables shown pertaining to outstandings to banks which are not reconciled, the accounts have become Non-performing Assets (NPA) and the banks have not provided account statements. Interest and charges on this accounts were not accounted since the banks have already filed Original Application (OA) with the Debt Recovery Tribunal (DRT). Since the Company is nearing settlement with banks, the management is of the view that there is no need of upward or downward adjustment of these figures without having the actual figures in hand. With regard to receivables and other long term payables, since the accounts were stagnant and long overdue, the Company was unable to procure confirmations from parties.

Figures for the previous period/year have been regrouped and rearranged wherever necessary.

Dt.05.06.2017

Auditor's Report on Quarterly Consolidated Financial Results and Year to Date Financial Results of M/s XL Energy Limited Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

To

The Board of Directors of M/s XL Energy Limited

We have audited the quarterly consolidated financial results of XL Energy Limited ('the Company') for the quarter ended 31st March, 2017 and the consolidated year to date financial results for the period 1st April, 2016 to 31st March, 2017, attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. These consolidated quarterly financial results as well as the consolidated year to date financial results have been prepared from consolidated interim financial statements, which are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial results based on our audit of such consolidated interim financial statements, which have been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard for Interim Financial Reporting (AS) 25, mandated, under section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other accounting principles generally accepted in India.

We conducted our audit in accordance with the auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

We did not audit the financial statement of subsidiaries included in the consolidated quarterly financial results and consolidated year to date results, whose consolidated interim financial results reflect total assets of Rs 6,080.73 Lakhs as at 31st March, 2017 and as the quarter ended 31st March, 2017; as well as the total revenue of Rs 40.16 Lakhs as at 31st March, 2017 and as the quarter ended 31st March, 2017. These interim financial statements are as prepared by the management and are not audited.

Adverse observation:

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2.27 to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern and, therefore, it may be

unable to realise its assets and discharge its liabilities in the normal course of business. The financial statements (and notes thereto) do not disclose this fact.

Management's plans in regard to continuing operations are mentioned.

We draw attention to the following matters in the Notes to the financial statements:

	realization of the debt assigned to it by way of auction/sale of identified Secured Asse						

XL ENERGY LTD.

Reason:

Date: 05.06.2017

- (i) During the financial year 2016-17, Some of the Lender Bankers namely the SBI, SBH, SBM & IDBI, who are part of the secured creditors of the Company have assigned their secured debt in the Company in favour of Invent Assets Securitisation and Reconstruction Private Limited, an Asset Reconstruction Company(ARC). The ARC has since, initiated steps for the realization of the debt assigned to it by way of auction/sale of identified Secured Assets. Since the assets are in the possession of ARC and the entire process of obtaining quotations from potential buyers and finalising the sale value is being performed by the ARC, the realisation of such values cannot be ascertained by the management. Hence, the management is unable to estimate the net value of the assets and liabilities.
- (ii) Some of the payables shown pertaining to outstandings to banks which are not reconciled since the accounts have become Non-performing Assets (NPA) and the banks have not provided account statements. Interest and charges on this accounts were not accounted since the banks have already filed Original Application (OA) with the Debt Recovery Tribunal (DRT). Since the Company is nearing settlement with banks, the management is of the view that there is no need of upward or downward adjustment of these figures without having the actual figures in hand. With regard to receivables and other long term payables, since the accounts were stagnant and long overdue, the Company was unable to procure confirmations from parties.
